Assignment Group Peer Evaluation Form

Assignment-6 __Profiling Network Traffic

- 1) Write the name of each of your group members in a separate column.
- 2) For each person, indicate your rating for each of the items on the left on a scale of 1-10 (1=strongly disagree; 10=strongly agree).

	Group Member Name -->	Shiva Bansal	Ashish Kumar Singh	Hariom Yadav
	Evaluation Criteria	(rate each item out of 10)	(rate each item out of 10)	(rate each item out of 10)
1	Contribution to group meetings and/or discussions.	10	10	10
2	Completion of activities and assigned tasks on time.	10	10	10
3	Performing tasks/activities in a quality manner.	10	10	10
4	Demonstrating a cooperative and supportive attitude.	10	10	10
5	Contribution to the success of the group work.	10	10	10
	TOTAL	50	50	50

Calculation of final assignment score

Consider that your score for the Assignment (evaluated by the faculty out of 10) = 9

If your average peer review score is 44 out of 50 (as rated by your peers as shown above)

Your Final Assignment Score = $(44/50) * 9.0 = 7.92$
